

Family Praises Summer Feeding Program*

Connie, a 32-year-old mother of two, was behind on her household bills due to a recent surgery. Although her husband works full-time, the combination of medical bills and the loss of her income had devastated the family's finances.

Connie had never reached out for help before and didn't know about United Way 2-1-1 until a friend mentioned that she should call for help. After calling, Connie was grateful to learn that there were multiple agencies throughout the community that provide mortgage and utility assistance.

United Way 2-1-1 also told Connie about the Summer Break Spot program that provides free, nutritious breakfast and/or lunch to all children under the age of 18 during the summer. Connie felt relieved about not having to worry about how she would be able to feed her children. She was very happy that 2-1-1 connected her to so many helpful community resources.
