

Investing In Results (8000)

Revised May 2019

By donating to the Investing in Results general fund, you are investing in proven programs that are changing lives. We are helping children start school ready to succeed, giving families financial literacy skills to care for themselves and their children, and collaborating on projects to help residents be safer and healthier in their own homes and neighborhoods.

Your investment, combined with thousands of others, makes the greatest possible impact in improving lives – not just today, but for generations to come.

You may choose to support the general fund, overseen by local volunteers who review programs, understand and prioritize community need and ensure your donation does the most good – or you may choose one or more of the specific Investing in Results focus areas:

(8408) HEALTH

Increase the number of youth and adults who are healthy and avoid risky behaviors by providing programs designed to improve the health of children, youth, and adults.

(8410) FINANCIAL STABILITY

Increase the financial stability of low-income families by providing programs that help families succeed in sustaining employment, accessing income supports, obtaining affordable housing, managing a budget, and increasing savings/assets.

(8409) EDUCATION

Increase high school graduate rates and post-secondary achievement by providing programs that increase every child's chance for success in school, work, and life.

(8411) BASIC NEEDS

Prevent hunger and homelessness for Central Floridians by providing food and support services to low-income and homeless individuals and families through programs that provide assessment, information and referral, shelter, meals, and access to community resources and mainstream public benefits.
